We are the Water Specialists!

NM JALMAITREYA LLP

NM JALMAITREYA LLP is a complete solution to all of your Water and Waste Water Treatment needs. Apart from manufacturing Water and Waste Water Treatment plants, we also supply Water Treatment Chemicals and Associated Services. We have been taking care of Water & Waste Water Treatment needs of more than 500 delighted customers all over India and abroad!

Infrastructure

We have a state-of-the-art Manufacturing facility at MIDC Chakan, Pune wherein we manufacture Water Treatment and Sewage Treatment plants as per the guidelines of respective Pollution Control Boards and NGT. We have offices all over India in order to serve you at every place / location in India. We cater to different Industries and Segments viz Automobile & its Ancillaries, Food & Beverages, Pharmaceuticals, Cement, Agriculture & its Allied Industries, Chemicals, Plastics, Rubber, Paper & Pulp, Electronics, Consumer Durables, E-commerce, Real Estate, Hospitality, Residential Societies and others.

Our Team

The Organization is a group of Experts & Water Professionals experienced in various spheres of Water & Waste Water Treatment having combined experience of more than 15 decades. A Well Qualified and Trained Staff creates a work culture that combines Honesty, Dedication and Professionalism.

This is the reason, why we stand tall in the industry and are amongst the Fastest Growing Water Treatment brand in India !

We are the Water Specialists!

WATER TREATMENT PLANTS

- MULTI GRADE FILTER • ACTIVATED CARBON FILTER • ACTIVATED MEDIA FILTER

Applications : Pre-Treatment to all type of Water Treatment Plants.

- WATER SOFTENING PLANT

Applications : Used in Industry, Residential and Commercial Places to save Plumbing (Pipes) & Equipment from Scaling.

- DE-MINERALISATION (DM) / DE-IONISATION (DI) PLANT
- MIXED BED PLANT
- ELECTRO DE-IONIZATION (EDI)

Applications : Used in Industry to Produce Mineral Free (very low conductivity) Ultra - Pure Water.

- ULTRAFILTRATION PLANT
- MICRO FILTRATION PLANT

Applications : Pre - Treatment to RO Plant and Production of Potable Water through Low TDS Water.

- REVERSE OSMOSIS (RO) PLANT

Applications : Used in Industrial Process as well as to Produce Potable (Drinking) Water. Also used in Waste Water Treatment.

- MINERAL WATER BOTTLING PLANT

Applications : To sell Packaged Drinking Water in Jars, Bottles, Pouches and Glasses.

We are the Water Specialists!

WASTE WATER TREATMENT PLANTS

- **EFFLUENT TREATMENT PLANT (ETP)**

Applications : It treats Industrial Waste Water for its Reuse or Safe Disposal to the Environment in order to meet the strict Pollution Control Norms.

- **SEWAGE TREATMENT PLANT (STP)**

Applications : It treats Sewage for its Reuse or Safe Disposal to the Environment in order to meet the strict Pollution Control Norms.

- **GREY WATER TREATMENT PLANT (GWT)**

Applications : It treats any Domestic Waste Water produced (excluding Sewage) for its Reuse or Safe Disposal to the Environment.

- **ZERO LIQUID DISCHARGE PLANT (ZLD)**

Applications : It removes all the Liquid Waste from the System and Economically reduces Waste Water and produces Clean Water that is suitable for reuse.

WATER TREATMENT CHEMICALS

- **COOLING WATER TREATMENT**

| Scale Inhibitors | Corrosion Inhibitors | De-Scalants | Passivating Agents | Biocides | Dispersent

- **BOILER WATER TREATMENT**

| Scale Inhibitors | Corrosion Inhibitors | De-Scalants | Sludge Conditioner | Passivating Agent | Oxygen Scavenger
| PH Booster | Alkalinity Builder

- **CLOSED CIRCUIT TREATMENT**

| Corrosion Inhibitors | Anti-Foulants | Anti Freezing

- **REVERSE OSMOSIS (RO) ADDITIVES**

| Scale Inhibitors | Biocides | Membrane Cleaners

- **GENERIC CHEMICALS**

| Coagulants | Flocculent | De-foamers | Poly Aluminum chloride | Poly Electrolytes | Lime | Alum
| De-watering Polymers | Chlorine | Acids | Alkalis | SMBS And many more....

SERVICES

- **OPERATIONS & MAINTENANCE CONTRACT (O&M)**

In this comprehensive contract, we undertake the complete responsibility of the plant by deploying man power to produce the treated water as per designed quality & quantity.

- **ANNUAL MAINTENANCE CONTRACT (AMC)**

The annual maintenance contract (AMC) is designed to provide proper supervision & monitoring of systems.

- **DESCALING / CHEMICAL CLEANING SERVICES**

Descaling / Chemical cleaning is more effective for the removal of inorganic and organic deposits from process lines and equipments.

- **AUTOMATION / UP-GRADATION**

We carry out the automation / up-gradation of the existing plants to save upon costs. We do upgrade the existing water treatment plants for capacity / quality enhancements as per the customer need.

- **CONSULTANCY**

| System Survey | Program Selection & Recommendations | Application & Monitoring | Monthly Trend Reports | Treatment Review & Audit | Program Optimization

OTHER PRODUCTS & SERVICES

- **SUPPLY OF PURE WATER (DEMINERALISED WATER)**

We produce and supply DM (or DI) Water of the Highest Purity (up to < 0.3 us/cm) for various industrial applications. We can supply upto 100 KLDM water daily.

Application Areas : Automobile, Pharmaceuticals, Chemicals, Boilers Feed Water, Textiles, Fertilizers, Paint shop, Cosmetics, etc.

- **WATER TESTING KITS & INSTRUMENTS**

We supply Water Testing Kits and Meters (Online / Hand Held) for all the Water parameters as mentioned below.

| Ph | TDS / EC | Hardness | Alkalinity | Chloride | Sulphate | Iron | Silica | Phosphate | Sulphite | Nitrite
| Fluoride | DO | Arsenic | ORP | COD | Ozone | Chlorine
